About Us

V5 LIFE SCIENCES is a pharmaceutical company established in 2003, operating as a division of Hundi Lal Hitachi Healthcare. We specialize in well-researched, result-oriented formulations designed to meet real clinical requirements. Our focus is not on aggressive promotion, but on consistent quality, rational combinations, and dependable outcomes. Trusted by doctors, chemists, and stockists, V5 Life Sciences stands for ethical practices, product reliability, and long-term professional relationships.
